

WSES Summer Reading and Fun Program Grade 4th-6th 2021

The Summer Reading program is based in Google Classroom and offers fun genres for our students to explore.

There are many genres: Historical Fiction, Biography, Mystery and much more with each offering author videos, activities, and places to visit and a link to the FCPL Summer Program.

Physical book lists have been provided for each theme to help students find good books.

Finally, there is also a section for students and families to upload their own activities and adventures to share with the rest of the WSES community!

To log in go to google classroom click the "+" button and enter this code: fdgplw5
